

Background

SAGE emerged out of a need to address community safety within the City of North Battleford. The members of SAGE are committed to working WITH the community to develop a strategic plan. As a result, SAGE has developed a community engagement model. Community safety impacts everyone in our community, and as a result, everyone needs to be involved.

Core Values of SAGE

Safety: Ensuring individuals and community feel comfortable and secure.

Acceptance: Welcoming, valuing and respecting diversity and the gifts of all people.

Guidance: Seeking and providing direction and leadership, building trust and strengthening relationships through collaboration amongst all.

Empowerment: Encouraging and building the social, educational, spiritual, economic and political strength of all people in our community.

Achievements

SAGE

Safety, Acceptance, Guidance, Empowerment

Vision: A dynamic community built on the strength and diversity of its people where we live, work and play in a safe and respectful environment, and where everyone is welcomed and valued.

Who We Are

SAGE is a group of dedicated citizens of North Battleford whose goal is to build a safer City.

Significant efforts have been made by SAGE members to create a historical scan to help appreciate our rich history and to shape the work going forward.

Primary Goals

1. Engage the community
2. Address social determinants
3. Reduce crime

Objectives

To reach our Primary Goals, we

1. Engage people within the community and region
2. Prevent and/or suppress crime
3. Coordinate existing programs and seek new program
4. Create economic opportunities
5. Address root causes of crime through helping individuals and families with complex needs
