

# Battlefords Citizens on Patrol

## Security Camera Registry

The Battlefords Citizens on Patrol Program (COPP) is developing a security camera registry open to everyone in the Battlefords area. The security camera registry is an investigative tool created to assist police with investigations when they occur in your neighborhood. You can help protect your community by registering your security camera(s) with the Battlefords Citizens on Patrol. When you have your security cameras registered, the information will be shared with the RCMP and Community Safety Officers. They may contact you to view your security footage **only** if an incident has occurred in your area.

The security camera registry is voluntary and easy to complete. The information you provide to the RCMP and Community Safety Officers will **remain confidential**.

If you wish to register your security camera(s) with the Battlefords Citizens on Patrol, please complete this form and turn it in to North Battleford City Hall at 1291-101st Street.

Name	
Physical Address	
Business Name (if applicable)
