Times are subject to change without notice

Daily Field House admission rates & Memberships apply

Please call (306) 445-1790 for availability

**Please review the drop-in session descriptions to determine the appropriate sessions for you. Attending the appropriate session creates a fun, challenging and safe play environment.**

**Social Play:** Intended for players wanting to have a fun, social and recreational experience. Players are encouraged to develop and use all of their skills, however, aggressive overhead smashes and spin shots should be reserved for competitive play. Play should be challenging for players, but not overwhelming.

**Competitive Play:** Intended for strong, experienced players who have a thorough understanding of pickleball strategies and are able to consistently use a variety of skill shots including overhands, fast-paced ground strokes, approach shots, volleys, third shot drops, and lobs. Players should be comfortable with aggressive net play, and have directional control and depth on both forehand and backhand shots. (Rating should be 3.0 and above)

**Level Play:** All levels of players are encouraged to participate. Games should be set up for *same skill level play*. For example, one net may be used for social play, another net for intermediate play, and a third for advanced play. If there are not enough people in a given level, players are asked to play with other skill levels, and to show courtesy when playing against both weaker and stronger players.
